

- Every year we organize different kinds of field visits to the various types of schools affiliated with the different boards such as state board, CBSE board, ICSE board, CISCE etc. .
- That the visit helps to familiarize with the physical facilities, there environment and the diversity of the school premises.
- We select various types of schools like Government schools, English medium schools, Girls' schools, Co-education schools, Residential school,Ashram school etc. from different localities such as Urban areas, Rural areas, and Slum areas for internship programs.
- It familiarizes students with a variety of school systems in near area. Students compare each school system in terms of the evaluation system, standards, quality of schools, structure, functions of different boards, and the functional differences between them.
- Every year students visit different schools during the pre-internship program and collect information about their functioning. Students of semester-I visited **“Dr. Cyrus Poonavala International School, Peth Vadgaon.”** in order to complete one of the practicums that are "A-5-School Engagement and Visit to Innovative Centers of Pedagogy and Learning".
- The student teachers understand the complete system of the school. Student teachers are provided with the complete plan.
- Students collect information on the basis of the printed schedule. Student-teacher collects information and records their observations of daily activities of the school, different departments, curricular and co-curricular activities, time-table, interview of the headmaster, supervisor, senior teacher, etc., information about different committees and their functions, observation of the lessons of senior teachers, etc.
- Also during the pre-internship program, students visited various schools and collected information about the school's functioning. In this way every year we visit the different schools and know the diversities in school system.
- On the occasion of the memorial day of late Ashokrao Mane Saheb, the founder of our organization we visited **‘Avadhoot Special Children's School Ambap’** and distributed educational materials to there student.
- The teachers of the place explained to all the students the way of living of the children there, the routine, all their activities and their work.
- The visit to that special children's school was a unique experience for our college students.
- Due to the internship, children, parents, teachers, society and the nation are faced with the challenges of creating competent teachers. Having qualified and experienced teachers from the beginning helps in quality of teaching.
- Every year, internships are conducted for our students in different schools .We explain all the information about the program to be implemented is given there. It is a different experience for students to take psychological measurement tests.
- Students are required to take action research epistemological lessons in the internship.
- Students conduct a short research in action research practical.
- Students undertake various innovative activities in internship, Various activities are organized for the overall development of the students like Essay Competition, Speech Competition, Singing Competition, Dress Competition etc.
