Shri Balasaheb Mane Shikshan Prasarak Mandal Ambap Sanchalit

College of Education (BEd) Peth Vadgaon.

1. E-content development facility is available in our college.

2. Various facilities are available in the college in our college.

3. In our college we try to share maximum information through internet, wifi, MIS software, college video links.

4. Internship activities are taken up in our college. Content distribution and component planning is done in this activity.

5.While providing facilities through the college, as our college is unaided, not all facilities are fully available.

6. We are slowly making progress with some changes.

7.We do not have studio and live studio available but will be providing studio facility in coming years in our organization.

8. Along with this, we will provide the facility of telepromoter.

9. Editing and graphic unit will also be available soon.

10. For all the facilities in the college, we will follow up with the institution and provide the facilities of studio, tele projector, editing and graphic which are useful in the college.

11. We have provided the facility of sound system in our college as per requirement.

12. With the help of MI software and other ICT we are changing the content.

13. In future we are going to build smart classroom as well as studio for our B Ed college.
