## Green Audit (2021-22)

### 1. ACKNOWLEDGEMENT

Vasanti Engineer's and Consultant's Laboratory Services Green Audit Team thanks the management "Ashokrao Mane College of Pharmacy Peth Vadgaon " for assigning this important work of Green Audit. We appreciate the co-operation to our team for completion of study.

Our special thanks are due to:

Principal of the college – Dr. Sachinkumar Vasantrya Patil

IQAC Member- Mr. Vipul Malgonda Patil

Environment Expert at the Campus – Ms. Aishwarya Prakash Bhosale.

Green Audit coordinator & Associate Professor of College – Dr. Pournima Sachin Sankpal

For giving us necessary inputs to carry out this very vital exercise of Green Audit. We are also thankful to other staff members who were actively involved while collecting the data and conducting field measurements.

## Green Audit (2021-22)

### 2. DISCLAIMER:

Vasanti Engineer's and Consultant's Laboratory Services green Audit Team has prepared this report for "Ashokrao Mane College of Pharmacy Peth Vadgaon" based on input data submitted by the representatives of College complemented with the best judgment capacity of the expert team.

It is further informed that the conclusions are arrived following best estimates and no representation, warranty or undertaking, express or implied is made and no responsibility is accepted by audit team in this report or for any direct or consequential loss arising from any use of the information, statements or forecasts in the report.

If you wish to distribute copies of this report external to your institution, then all pages must be included.

Vasanti Engineer's and Consultant's Laboratory Services, its staff and agents shall keep confidential all information relating to your institution and shall not disclose any such information to any third party, except that in the public domain or required by law or relevant accreditation bodies. Vasanti Engineer's and Consultant's Laboratory Services staff, agents and accreditation bodies have signed individual confidentiality undertakings and will only receive confidential information on a 'need to know' basis.

Report by Auditor:

Vasanti S Sadamate

Supriya S Patil

## Green Audit (2021-22)

### 3. CONCEPT

The green audit process was began in the 1970s with an intention of identifying the activities carried out in a given institution or company. Green Audit can be defined as systematic identification, quantification, recording, reporting and analysis of components of environmental diversity. The 'Green Audit' aims to analyse environmental practices within and outside the College campus, which will have an impact on the eco-friendly ambience. It was initiated with the motive of inspecting the work conducted within the organizations whose exercises can cause risk to the health of inhabitants and the environment. Through Green Audit, one gets a direction as how to improve the condition of environment and there are various factors that have determined the growth of carrying out Green Audit. The audit also seeks to identify possible means and methods to save investments, enhance work quality, improve health and safety of their employees, reduce liabilities and reduce the rate of environmental pollution. A continuous process of such audit might result in maintaining the quality of these aspects within the premises of any organisation.

## Green Audit (2021-22)

### 4. INTRODUCTION

Ashokrao Mane college of B-Pharmacy, Pethvadgaon, established in year 2006 with a vision of empowerment of nation with knowledgeable pharmacist by promoting quality pharmaceutical education to uplift talent from rural Maharashtra.

- One Stop Institute for Pharmacy Profession (Diploma+ UG+PG+Ph.D)
- Modern State-of-art Infrastructure, Wi-fi Campus
- College bus facility for Students & Staff
- Well-furnished Digital Library with E -Books, Textbooks, Reference Books, E Journals National & International Journals.
- Govt. financial assistance schemes like EBC & Minority Scholarships, also free ships to Respective category (SC,ST,OBC,NT, and SBC) Candidates available
- Dynamic, Experienced and Dedicated Faculty
- Well-equipped Computer Centre With Broadband Internet
- Ph.D. Research Centre Affiliated to Shivaji University, Kolhapur
- Sophisticated Instrumentation Lab
- Placement Driven Programmes Like Expert Talks, Employability Trainings, Campus Placements, Mock Interview, AMCAT Assessments, Industrial Visit, Etc.
- Collaboration with different Pharma Companies
- Conductance of regular Personality Development Programs for motivating and encouraging students.
- Individual attention & Mentoring of students.
- Separate hostels facilities for girls and boys.
- Organizing/ Conducting various seminars, conferences, workshops as well as sports and cultural events.
- Winner of several academic, sports, cultural & magazine championships at university and national level.
- GPAT Scholarship available.
- Competitive exam guidance cell, special GPAT coaching.
- Medicinal Plant Garden.
- Facility to Pursue higher studies M. Pharm, Ph. D.
- Facilities like Boys Common Room, Girls Common Room, Cafeteria & sports.

### Green Audit (2021-22)

- Academic Quality Assurance cell for monthly review of lectures/practical's, monthly attendance.
- Well functioning NSS Unit and Anti Ragging committee.

#### Vision

- Empowerment of the nation with knowledgeable pharmacists for healthy India.

#### Mission

- To provide pharmaceutical education par excellence.
- To promote community, institutional and industrial pharmacy
- To foster and disseminate productive research in new and emerging area
- To generate human resource in the profession of pharmacy

### 4.1 GREEN AUDIT EXECUTIVE SUMMERY REPORT

#### 1. BRIEF ABOUT COLLEGE:

- Courses offered by the College:

SR No	Courses	About College
1	Name of the Institution:	"Ashokrao Mane College of Pharmacy Peth Vadgaon "
2	Courses	B. Pharmacy, M. Pharmacy, Ph.D.
3	No of students	533
4	No of teachers	29
5	No of Non-teaching staffs	31
6	Total campus area	2 acres
7	Girls common room	1
8	Garbage collection bins	14
9	Labs	16
10	Class rooms	10

#### 4.2. ENVIRONMENTAL POLICY OF THE COLLEGE:

"Ashokrao Mane College of Pharmacy Peth Vadgaon" always believes in maintaining its own standard in matter of environment and quality consciousness. It protects its own environment by implementing its green campus initiatives and maintains pollution free green and clean campus. Environment development is its basic work with the educational policies implemented on the campus.

Being an environmental conscious College, the administration and the students of the College look after the environment carefully. Institution owns responsibility to preserve the work

### Green Audit (2021-22)

carried out on the campus related to the environment. Every year, during rainy season, tree plantation is carried out and carefully looked after it.

#### 4.3 ENVIRONMENTAL POLICY:

College teaching and Non-teaching staff of "Ashokrao Mane College of Pharmacy Peth Vadgaon" is committed for carrying out its activity for sustainable development. This we will achieve through the following:-

- To protect and nature the Flora and Fauna on the campus.
- The organization observes No Vehicle Day to reduce air pollution.
- To use of Energy saving equipment's are installed like LED light, LED monitors for computers.
- To maintain green campus.
- To bring in use the 'Rain Water Harvesting' on the campus.

### 5. OBJECTIVES AND SCOPE

The main objective of the green audit is to promote the Environment Management and Conservation in the College Campus. The purpose of the audit is to identify, quantify, describe and prioritize framework of Environment Sustainability in compliance with the applicable regulations, policies and standards.

#### 5.1 GOALS OF GREEN AUDIT

- The objective of carrying Green Audit is securing the environment and cut down the threats posed to human health.
- To avoid the interruptions in environment that are more difficult to handle and their correction requires high cost
- To suggest the best protocols for adding to sustainable development

#### 5.2 BENEFITS OF GREEN AUDIT

- Would help to prepare plan to project the environment.
- Recognize the cost saving methods through waste minimization and management.
- Point out the prevailing and fourth coming impacts on environment.

### Green Audit (2021-22)

- Ensures conformity with the applicable laws.
- Empower the organizations to frame a better environmental performance.
- It portrays a good image of an institution which helps building better relationships with the group of interested parties. Promotes the alertness for environmental guidelines and duties.

#### **6. CONSTITUTION FOR GREEN AUDIT**

In order to perform green audit, the methodology included different tools such as preparation of questionnaire, physical inspection of the campus, observation and review of the documentation, interviewing key persons and data analysis, measurements and recommendations. The study covered the following areas to summarise the present status of environment management in the campus:

- Water conservation and management
- Waste Management
- Noise Pollution Management
- Tree plantations
- Bio-diversity and threatened/ endangered species
- Preservations Energy use and conservations
- Eco-friendly campus
- Green environment and clean campus

#### **• GOOD POINTS OBSERVED**

- College has to install LED light. LED monitors College has conducted.
- College cleaning activity twice in day.
- College has maintained collection, transportation, Storage and disposal of Waste.
- College has to install 'Rain Water Harvesting' on the campus.
- College faculty and students participated in different environmental awareness programme
- College has celebrated No Vehicle day.
- Environment Awareness trainings and workshop for faculty and students

[Back to Index](#)

### Green Audit (2021-22)

- Various tree plantation programs are being organized at college campus and surrounding villages through NSS unit

#### MAJOR RECOMMENDATIONS

- To establish and implement the Water Conservation and Management Plan as per Environment Protection Act 1986.
- Focus to assess the consumption of energy, electricity, water as well as disposal of liquid waste, solid waste, hazardous waste, e-waste.
- PUC certificate for all the vehicles entering the campus to be made mandatory and to be checked by security.
- College should maintain the legal register for the applicable environment related regulations and comply with this as per the requirement.
- Display boards for switching off the taps to be put on at appropriate place.
- Display boards for switching off the switch boards to be put on at appropriate place.
- Display various slogans and pictures to protect environment.
- Automatic Leak detection systems for conservation of water.
- To provide dustbin facility for solid waste at appropriate place.
- To use maximum use of ICT and minimize use of paper it will help towards paperless office.
- To give waste water treatment process before use for agriculture and gardening.
- Display the name of plants.
- Display boards in the library and other places for awareness to maintain silence in the college.
- To provide drip and sprinkling irrigation system to avoid waste of water
- Vermin-compost pit should be providing at campus premises.
- As an outcome efforts will be made to reduce carbon foot prints by using electrical vehicles in the campus, and green computing in the administration and examination

## Green Audit (2021-22)

### 7. ANALYSIS OF GREEN PRACTICES

#### 7.1 WATER CONSERVATION AND MANAGEMENT:

Water is a valuable natural resource for all living organisms. It is freely available depending on the climate and topographic features of a region. Although water is natural freely available but portable (drinkable) water is not available freely for human consumption. In our planet 70% area is covered by water but only 3% of it is fresh water. Around 1.1 billion people of the world face water crisis. Water pollution and wastage plays a vital role in water crisis. Water contaminations are taking place at an alarming rate. Drinking or using contaminated water leads to many diseases or death. That is why it is important to ensure that drinking water is safe, clean and free from bacteria and disease. It is also important to conserve protect and manage the water resources availability and usage so that it is sustainably used. Water auditing is conducted for the evaluation of facilities of raw water intake and determining the facilities for water treatment and reuse. A water audit is an on-site survey and assessment to determine the water quality, use and hence improving the efficiency of its use.

- **USES AND MANAGEMENT :**
- **SOURCE OF WATER :**

SR. No.	PARAMETERS	Response
1	Source of water	Warana River, Mahalaxmi Lake
2	Water reserve /Storage tank	03
3	Capacity of tank	5000 L -1 2000L-2

#### **WATER USERS IN CAMPUS:**

Sr. No.	Person in different section	Strength (No. of person )
1	Staff	29
2	Non teaching Staff	31
3	Visitors	95
4	Hostel Boarders	28

### Green Audit (2021-22)

The visitors of the College vary with respect to different activities conducted in the College campus. During admission and different competitive exam conducted in the College campus.

#### • QUANTITY OF WATER USED IN DIFFERENT SECTIONS OF THE CAMPUS

Sr. No.	Sections	Water Use (Litter/day)
1	Academic building	64144
2	Canteen /Mess	6000
3	Laboratories	1200
4	Garden	1000
5	Leakage	500

#### • WATER CONSUMPTION IN DIFFERENT ACTIVITY IN COLLEGE CAMPUS

Activity	Water used per activity (in Litter)	No. of times Activity performed in a day	Average water used Person/Day	No. of people using water	Total water consumption per Day
Hand and face wash	4-6 L	4	16-24L	709	14180
Drinking Water	0.2-0.4L	6	1.2-2.4L	700	1260
Toilet Flush	8-10L	4	32-40L	709	25524
Bath	30-40L	1	30-40L	28	980
Cooking and washing in Resident	150-250L	2	300-500L	15	6000
Cooking	350-450L	2	700-900L	15	12000
Cloth washing	100-200L	1	100-200L	28	4200
Total					64144

### Green Audit (2021-22)

- **MAJOR OBSERVATIONS IN REGARD OF WATER USAGES AND CONSERVATION PLAN**

- The rain water is drained by storm water drain and released to gardening purpose.
- Hazardous liquid waste disposed by authorized agency
- Rain water harvesting system is installed and collected water used for gardening and agricultural purpose.

- **RECOMMENDATIONS:**

College administration may consider theses on top priority:-

- To establish and implement the Water Conservation and Management Plan as per Environment Protection Act 1986
- Display boards for switching off the taps to be put on at appropriate place.
- To provide any treatment for waste water before use for agriculture or gardening.
- To provide drip and sprinkling irrigation system to avoid waste of water
- Automatic Leak detection systems for conservation of water.
- Special Internal Water Audit to be conducted quarterly.

### 7.2 WASTE MANAGEMENT:

This indicator addresses waste production and disposal of different wastes like paper, food, plastic, biodegradable, glass, dust etc. reuse and recycling. Furthermore, solid waste often includes wasted material resources that could be channelled into better service through recycling, repair, and reuse. Solid waste generation and management is a burning issue. Unscientific handling of solid waste can create threats to everyone. The survey focused on volume, type and current management practice of solid waste generated in the campus.

## Green Audit (2021-22)

- DIFFERENT TYPES OF WASTE GENERATED IN THE COLLEGE AND THEIR DISPOSAL.

Types of waste	Particulars	Disposal method
Plastic waste	Pen, Refill, Plastic water bottles and other plastic containers, wrappers etc	Municipal
Solid wastes	Damaged furniture, paper waste, paper plates, food wastes	Municipal
Chemical wastes	Laboratory waste	Neutralize with water
Glass waste	Broken glass wares from the labs	Municipal
Sanitary Napkin	Napkin	Incineration
Bio medical waste	catheters, syringes, IV bottles, Blood sample, medicines, infectious waste, cotton, bandages	Authorized disposal agency(SS Services)

- MAJOR OBSERVATIONS IN REGARD OF WATER USAGES AND CONSERVATION PLAN :

- At present total solid waste collected in the campus is 13 Kg/day. Waste generation from tree droppings, canteen and lawn management is a major solid waste generated in the campus.
- Other solid waste directly disposal to municipal corporation.

- RECOMMENDATIONS:

- Dustbins should be providing at classrooms and campus premises.
- Vermin-compost pit should be providing at campus premises.

## 7.3 AIR POLLUTION MANAGEMENT:

- PERIODIC AWARENESS PROGRAMME FOR STAFF, STUDENTS AND SOCIETY

Every day there are 40 Two wheelers 2 buses and 9 four wheelers are coming in College premises but there is no system observed to check for PUC certificate, Vehicle Exhaust Gas Analysis and Vehicular movement noise and vibration pollution but buses

### Green Audit (2021-22)

are having PUC certificate. The air pollution at the time of ignition off and on is more than it is in riding mode.

#### ➤ RECOMMENDATIONS

The College may consider these on top priority:-

- World Environment Day to be celebrated in College premises every year on 5th June
- College shall monitor the Ambient Air Quality as per the guidelines of "Air (Prevention and Control of Pollution) Act 1981.
- Use of bicycle in campus to be promoted.

### 7.4 NOISE POLLUTION AND ILLUMINATION MANAGEMENT:

#### MAJOR OBSERVATIONS IN REGARD NOISE POLLUTION:

##### • SILENCE ZONES IN THE COLLEGE

No display boards have been placed in the library and other places for awareness to maintain silence in the College.

#### Noise Study:

Noise level monitoring was carried out using Noise Level Meter. The noise level survey was carried out two locations, at outside as well as inside.

#### Noise Monitoring

##### Observations:

Location	Time	1	2	3	4	5	Noise Level Readings dB(A)
Outside	12.20	48.2	44.8	47.2	50.1	51.2	48.3
	1.20	51.1	52.1	49.2	48.1	48.4	49.78
Inside	12.20	50.2	46	49.1	45.1	47.2	47.52
	1.20	49.1	48.2	49.8	47.4	45.2	47.94
As per The Noise Pollution (Regulation & Control) Rules, 2000(Rules 3(1 and 4(1))							
Area Code		Area Type		Limits in dB (A) weighted scale			
				Day (6am to 10pm)		Night(10pm to 6am)	
B		Commercial		65		55	

It is observed that noise level of the campus is within limit as per the noise pollution regulations and control rules 2000.

#### Illumination study

The illumination study was carried out using Lux Meter. The illumination study was carried out at two locations, in Classroom and Laboratory.

### Green Audit (2021-22)

Observations:

Sr. No.	Location	Time	Lux Level Reading (Lux)					Average Lux
			1	2	3	4	5	
1.	Classroom	12.20	180	185	208	225	214	202.4
2.	Laboratory	12.20	197	190	178	210	188	192.6

All results of Illumination Study (Classroom and Laboratory) found within limits as per MF Rules- Section-35, Schedule B.

### RECOMMENDATIONS

The College administration may consider on top priority

- Vehicular exhausts shall be examined regularly in the collage as per Central Motor Vehicle Act 1988
- Vehicular movement shall be restricted by putting boundary limit and beyond that limit bicycles usage shall be promoted to all students and staff.
- The College adopts no honking policy and prevents use of any honk and noise in campus. Certain areas like library, classrooms are declared as silence zone and noise pollution is kept to minimum on college campus

## Green Audit (2021-22)

## 7.5 Energy Audit Report

Table shows the energy consumption pattern of the college for a month. The college has consumed an average of 6074.848 kW/hr electricity in a month and the one year.

Sr. No.	Particulars	Wattage (W)	Quantity	Run Time (Hr/Day)	Load (KW)	Energy consumed per day kWh/day
1	Tube light (copper choke)	40	163	6	6.52	39.12
2	Fan	80	160	6	12.8	76.8
3	Air Conditioner	1070	3	6	3.21	9.26
4	Projector	300	6	6	1.8	10.8
5	Computer system	250	70	6	17.5	105
6	LED bulb	20	46	6	0.92	5.52
7	T.V	60	2	6	0.12	0.72
8	Printer	40	6	4	0.24	0.96
9	Xerox Machine	1500	2	4	3	12
10	Geyser	3000	0	0	0	0
11	Electric Motor	3728.5	2	4	7.457	29.828
Total					53.567	300.008

## Green Audit (2021-22)

### 7.6 GREEN BELT AREA & BIO-DIVERSITY:

The Green Belt Area is meant for conservation of nature and aesthetic value of the College premises. The Green Area in the College includes the plants, greenery and sustainability of the campus to ensure that the buildings conform to green standards. This also helps in ensuring that the Environmental Policy is enacted, enforced and reviewed using various environmental awareness programmes.

### OBSERVATIONS

Campus is located in the vicinity of approximately 30 types (species) flora and fauna.

Types of trees planted which are environment friendly are enlisted below:

Sr. No.	Botanical Name	QTY
1	Bauhinia variegata	1
2	Bauhinia purpurea	1
3	Lawsonia inermis	1
4	Cassia tora	1
5	Datura metel	1
6	Gossypium Herbaceum	1
7	Mimosa pudica	1
8	Bixa orellana	1
9	Nyctanthes arbo-tristis	2
10	Elettaria cardamomum	1
11	Plantago ovata	1
12	Zingiber officinale	1
13	Withania somnifera	1
14	Tylophora indica	1
15	Bacopa monnieri	1
16	Eclipta alba	1
17	Trachyspermum ammi	2
18	Tinospora cordifolia	1
19	Gymnema sylvestre	1
20	Caesalpinia bonduca	1
21	Rapis Palm	6
22	Croton	6
23	Thoja Plant	6
24	Cristina	6
25	Champane Palm	2
26	Dracena	3
27	figus	6
28	Euphorbia	2
29	Table palm	2
30	Gymnema Sylvestre	1
31	Tinospora Cardifolia	1

[Back to Index](#)

### Green Audit (2021-22)

- **Animal Welfare**

More than 15 Squirrels are found in the campus, Approx. 2 dogs, 2 owl, 4 green bee-eater, 4 Black sparrow, 2 crow pheasants, 12 pigeon, and others including butterflies, insects, bees, earthworms, etc. are there in campus.

#### RECOMMENDATIONS

The Management of College may consider on top priority that

- ✓ Drip irrigation is strongly recommended to conserve the water.
- ✓ Reuse of the water shall be done instead of use of fresh water.
- ✓ Watering schedule to be planned according the season
- ✓ The Biodiversity is to be maintained while considering the plantation in future
- ✓ The selection of trees species to be based on environmental conservation and carbon sequestration value
- ✓ Artificial nests and water ponds are recommended to attract different birds in their migrating and breeding season.
- ✓ Display the name of plants.
- ✓ Total 33% area is to be reserved for plantation
- ✓ Special Tree Plantation shall be celebrated every year on environment day and also competitions for bird species identification and knowing the tree values in terms of medicinal and environment conservation.

## Green Audit (2021-22)

### 9. Conclusion

Few recommendations are added to curb the menace of waste management using eco friendly and scientific techniques. This may lead to the prosperous future in context of Green Campus & thus sustainable environment and community development. As part of green audit of campus, we carried out the environmental monitoring of campus includes Illumination, Noise level, Ventilation and Indoor Air quality of the class room. It was observed that Illumination and Ventilation is adequate considering natural light present. Noise level in the campus well within the limit i.e. below 65 dB at day time.

There is scope for further improvement, particularly in relation to waste, energy and water management. The college in recent years consider the environmental impacts of most of its actions and makes a concerted effort to act in an environmentally responsible manner. Even though the college does perform fairly well, the recommendations in this report highlight many ways in which the college can work to improve its actions and become a more sustainable institution.

#### National Service Scheme 2019-20

#### Report on - World Environment Day

**Name of Organizing Institution:** Ashokrao Mane College of Pharmacy, Peth Vadgaon

**Date of Activity:** Wednesday 5/6/2020

World Environment Day (WED) is celebrated on 5 June every year, and is the United Nations' principal vehicle for encouraging awareness and action for the protection of the environment. First held in 1974, it has been a flagship campaign for raising awareness on environmental issues emerging from marine pollution, human overpopulation, and global warming, to sustainable consumption and wildlife crime. World Environment Day has grown to become a global platform for public outreach, with participation from over 143 countries annually. Each year, WED has provided a new theme that major corporations, NGOs, communities, governments and all celebrities worldwide adopt to advocate environmental causes. All students were involved in cleaning of college and village area. Waste plastic materials were collected and dumped at particular area where wastage is kept. In the morning session this activity was carried out. Awareness regarding pollution was made in village.

Report on – World Environment Day

Name of Organizing Institution: Ashokrao Mane College of Pharmacy, Peth Vadgaon

Date of Activity: 05 June 2018

Social & Extension Cell of Ashokrao Mane College of Pharmacy, Peth Vadgaon celebrated World Environment Day. Our students have had the chance to broaden their perspectives, attitudes, and commitments in the area of environmental protection and improvement thanks to World Environment Day. Students of our college organised the following programme as part of the World Environment Day on Monday 05th June 2017. As part of the Grow Your Own Forest project, the volunteers planted one sapling each at their residences, which motivated and inspired them to plant additional saplings in and around their communities and contribute to a greener planet.

Seed you sow, as a part of this programme the volunteers would collect as many seeds as possible for a week which will help them to build and manage a sustainable ecosystem for future generations. Finally thanks to our Management, Principal Dr. S. S. Patil sir & all staff members for this wonderful idea.

Date of Activity: Sunday 25/09/2022

Trees represent life, growth, peace and nature. They produce oxygen, clean soil, prevent drought, prevent soil erosion, spiritual health. All our teaching, non-teaching and students were actively participated in tree plantation event. We had planted trees such as mango, banana, coconut, curry leave plant, rose plant and many were planted during this event. Tree plantation is great way to increase student interest in their local environment and achieve academic goals. This event was successful with the support of principal sir, NSS coordinator, nonteaching staff and students.

#### NATIONAL / INTERNATIONAL COMMEMORATION 2020-21

##### Report on - Tree plantation

Name of Organizing Institution: Ashokrao Mane College of Pharmacy, Peth Vadgaon

Date of Activity: Thursday 05/03/2020

Every man needs oxygen for their life and trees are the foremost source of oxygen as well as trees helps to reduce the level of CO<sub>2</sub>. Plantations of trees are important as they improve the life and fulfill essential needs of mankind. The NSS unit of our institute organized Tree plantation programme under NSS cell in college campus. Under the guidance of our Principal sir, NSS coordinator we have planted various plants. The students also placed bricks as barricades and each student took responsibility to nourish and maintain the allotted plants. In the end, the principal addressed and thanked the chief guest as well as teachers and students for coming and participating in this tree plantation activity.

##### Report on - Tree plantation

**Name of Organizing Institution:** Ashokrao Mane College of Pharmacy, Peth Vadgaon

**Date of Activity:** Friday 07/04/2017

A very auspicious tree Plantations programme was organized in our college to create an awareness regarding important of tree as they improve the life and fulfill essential needs of mankind and how it helps cleaning the environment and uses of medicinal plants. All our teaching, non-teaching and students were actively participated in tree plantation event. We had planted many trees during this event, so as to create a very healthy environment and contribute in minimizing the climatic changes. Due to this activity freshness developed in the surrounding atmosphere and encouraged the students to plant at least one each tree near their home or surrounding area. All program was successful with the support of our principal sir, staff and students.

 Date of Activity: Friday, 02/12/2022

On 02<sup>nd</sup> Dec 2022, National Pollution Day was celebrated in our college in which activities such as college premises area cleaning, and medicinal plant conservation was undertaken in collaboration with Innovation & Incubation Cell & National Service Scheme Department in which information regarding pollution control like National Pollution Control Day or National Pollution Prevention Day was started to observe to instill awareness about environmental pollution and its negative impacts on our health and planet. Pollution is very dangerous and makes a pernicious effect on the health of all living creatures. Observation of National Pollution Control Day focuses to create awareness about the increasing pollution and its impact. The day spread education on how to manage and control industrial disasters to prevent industrial pollution caused due to human negligence was given to NSS volunteers by our Principal Dr.S.V.Patil sir. All programs were completed under the guidance & support of our Principal Sir, staff & NSS volunteer students.

### REPORT

No Vehicle Day was planned under the National Service Scheme (NSS) in every 3 months one day is celebrated as No Vehicle Day. It shall be observed as a No Vehicle Day on 10 March 2022. As a result, a notice was sent to all students and faculty members on 1 March 2022. To ensure the successful implementation of this effort, all NSS student volunteers were entrusted with sealing up the entrances and exits. It was proposed that all students and faculty members ride their bicycles within the Institute on such a day and plan their travel accordingly. The goal of this programme was to instill the habit of utilising non-polluting forms of transportation, to make the campus pollution-free, and to strive for the status of green campus.

Mr. A. P. Jadhav

Dr. S.V. Patil

[Back to Index](#)

### 1.5 Plastic and Paper-Free Campus

The initiative has been taken by the college administration to make the campus plastic and paper free. Most of the information is now shared with the faculty and students by email and social media applications rather than paper notices. Also, the college has organized an awareness program for students on the above topic. It has been decided that 1 day in a month will be celebrated as bicycle day which will avoid the use of motor vehicles. Below is the image of the awareness program conducted in college.

### 1.6 Liquid Waste Management

- **Liquid waste management:**
- The waste chemicals mixed water from the laboratory passes through concealed pipeline into a soak pit & recycled water is used for watering trees or non-potable usage.
- Liquids are diluted by getting mixed with the washroom and toilet liquid wastes into the common drainage.
- **Water Conservation**

Water conservation is the practice of using water efficiently to reduce unnecessary water usage. According to Fresh Water Watch, water conservation is important because fresh clean water is a limited resource, as well as a costly one.

- To reduce waste at the institute, students and staff are educated on proper waste management practices through lectures, advertisements on notice boards, displaying slogan boards on the campus.
- Waste is collected on a daily basis from various sources and is separated as **dry and wet waste**.
- Color-coded dustbins are used for different types of waste. Green for wet and blue for solid waste.
- Daily garbage is collected by housekeeping personnel and handed over to authorized personnel of vadgaon nagar parishad for further processing. All wastewater lines from toilets; bathrooms etc. are connected with Municipal drainage mains. Waste materials like plastic, paper, etc. are collected and sold out to scrap vendors from time to time.
- Efforts have been taken to produce compost manure from the canteen solid waste and waste from other sources and efficiently run by the students. Manure is used for the purpose of herbal gardens as well as for planting trees.

### 1.9 E-waste management

The disposal of E-Waste is a rapidly growing problem because electronic equipment frequently contains hazardous substances which affect the environment and human health. E-waste such as discarded computers, office electronic equipment, monitors, and Hard Disks are disposed of as per their conditions. These wastes are sold to local scrap. Efforts are made to reduce e-waste by making optimum use of electronic devices.

#### Observations

The college conscientiously works towards generating minimal e-waste, for which the following strategies are adopted: Regular maintenance of electronic equipment and computers by the in-house technician and AMC ensures longer life. Weeded out computers from the computer science laboratories due to gradation are transferred to departments, the administration within the college campus. Outdated Computers, servers, monitors, compact discs (CDs), DVDs, printers, scanners, copiers, motherboards, battery cells, and other electronic equipment, weeded out from the computer laboratory are used for demonstration of

31

internal parts of the equipment. Some electronic equipment is replaced with newer models due to the rapid technological advancements and production of newer electronic equipment.

**Recommendations:**

Electronic equipment may contain heavy metals and other materials. Computers and electronic equipment typically contain:

- **Lead** - Computer monitors contain a picture tube known as a cathode ray tube (CRT). CRTs contain leaded glass and are the largest source of lead in municipal waste. The solder used in printed circuit boards may also contain lead.

- **Cadmium** - The largest source of cadmium in municipal waste is rechargeable nickel-cadmium (NiCd) batteries. These batteries are found in most desktop and laptop computers.

- **Mercury** - Some electronic equipment also contains recoverable quantities of mercury,

which is a toxic metal. Unwanted electronic equipment must therefore either be donated for reuse or sent for recycling.

## 2.0 CONCLUSIONS AND GENERAL RECOMMENDATION OF THE AUDIT

- a) Consider planting trees and shrubs in strategic locations to help to reduce the temperature and airflow in Laboratory, classroom, etc. Trees planted on the west and south sides of buildings help to keep the buildings shaded during hotter weather.
- b) Formation of Environment Policy and communication to all faculties and other staff members.
- c) Reduction in use of paperwork by going digital system.
- d) Water Meter should be installed at the institute for monitoring water consumption for the landscape.
- e) Increase in Environmental promotional activities for spreading awareness at the campus.
- f) As practically feasible avoid use of personal vehicles inside the campus.
