

## **Special School School Special Center and Social Welfare Office Visit.**

- Students of our college visit different places for learning teaching skills development and proper assessment of teaching and learning as well as getting proper information about technology use.
- Also visiting different places for out of class room activities.
- Also these various activities are carried out to maintain correlation with the society.
- It also includes special schools and special students.
- To do all these things, our students always participate in various activities like field visits, out of classroom activities, community engagement, facilitating inclusive education, assessment of learning.
- **By visiting the Social Welfare Office Kolhapur, the students got information about various welfare schemes and worked to convey the information to the society under the social oriented project.**

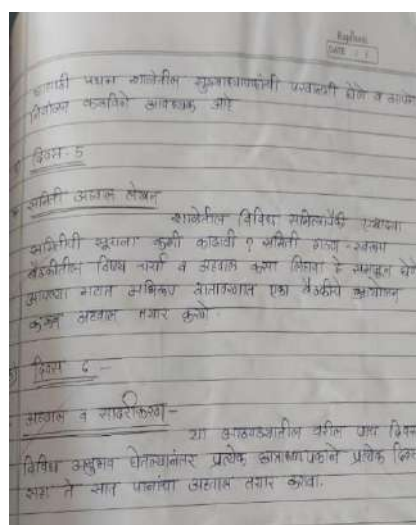

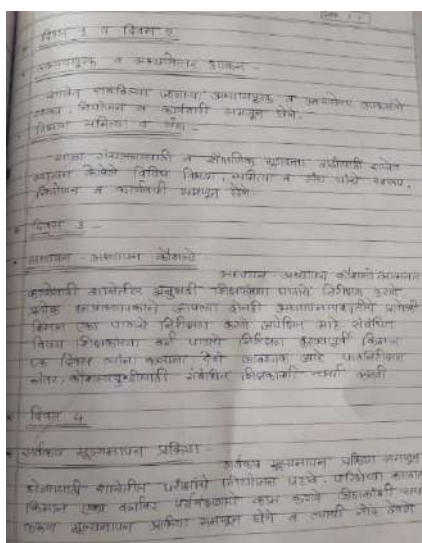

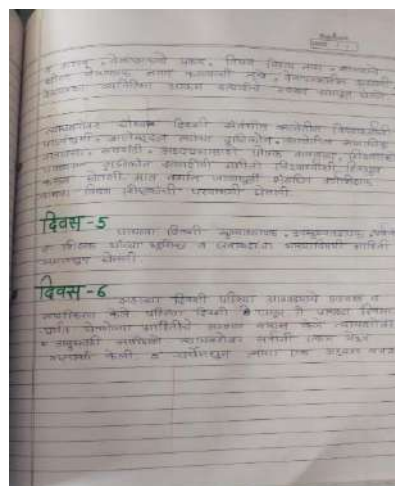

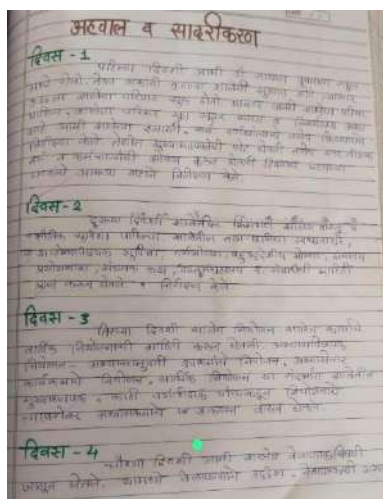

- Visit by students to Innovative Science Center Varnanagar under Visits to Innovative Study Teaching Center

While visiting the innovative study teaching center and special schools, the students visited Dr. Cyrus Poonawala International School.

**•Report prepared by students on Special School Visit, Social Welfare Office Visit, Science Centre visit**
